

Kids, Cops, and Computers

Connecting

Socializing

Working

These are all things

I can do with my computer

Helpful

In time of need

Kids, Cops, and Computer develops

Like a growing seed

I feel like I have experienced

Being a police officer

Thanks to my ebuddy

All of my questions were answered

All of my confusion was removed

From Kids, Cops, and Computers

I have gained a lot

I have learned a lot

And accomplished a lot

I hope that

Other kids in this program

Will accomplish a lot too
